Github | SQL Tabs | Postman | Heroku | HTML5 | axios

PROFESSIONAL EXPERIENCE

Devmountain | Lehi, UT

September 2021 - November 2021

Full Stack Web Developer / Software Engineer (student)

Daniel Janis Webpage - [Github Repo](#) | [Demo\(In progress\)](#)

React | Redux | NodeJS | Express | CSS

- Created a professional webpage using skills learned at Devmountain
- Using React, Redux, NodeJS, and Express, created full functionality and design needed to introduce myself in a clean, professional manner
- Done for functional purposes, as well as to obtain additional practice with front end development skills

Tube Searching - [Github Repo](#) | [Demo\(In progress\)](#)

React | Redux | NodeJS | CSS | Semantic UI

- Created an app that allows the user to search in a search bar and receive the first 5 videos that come up with that term on youtube.
- Using React primarily and working with API's, the app communicates with youtube in order to retrieve videos. Styling added using Semantic UI.
- Practiced building with React, as well as working with API's and designing professional looking, sleek apps that are functional and reliable.

IFA | Provo, UT

March 2020 - July 2020

Department Manager

- Managed the organization, inventory, and maintenance of outdoor hardware products
- Performed routine physical counts of quantity to keep note in store inventory along with quality
- Made sure our numbers were accurate and stock was on hand for orders made by customers for pick-up and delivery.

BYU Instrument Office | Provo, UT

September 2019 - January 2020

Percussion Specialist

- Managed the tracking, repair, payments, and organization of instruments owned by BYU.
- Used our database to assign instruments to specific students, charge student accounts for payments, and manage repair requests sent in.

- Ensured instruments were functioning at the highest level so students would not have to worry about that stuff on top of busy schedules.

Huish Materials | Lehi, UT

May 2019 - August 2019

Location Head

- Managed the intake of cement trucks, creation of retaining wall blocks, and loading completed blocks onto delivery trucks for client orders.
- Signaled to cement truck drivers where to deposit their cement, performed quality checks on in-progress blocks, and used heavy machinery to transport blocks.
- Kept logs of new orders, orders filled, and made new inventory to help fulfill clients needs.
